Subject: Summer interns justifications
Loyola Marymount University - Sole Source - Hiring of Interns for BRP Work TF edits.pdf
Justification for Summer Interns.pdf

Hi Danielle, Erica,

I am attaching the Sole Source determination form we use and again the description/outline of research that the hired interns are doing, which we'll use too for our auditors that usually select the EPA grant as major program for their single audit requirements. Please read and let me know if you have any questions or recommendations.

Thank you.
